### Fifa 22 Features Key:

- **New camera system** - FIFA 22 introduces the new camera system, which provides gamers with a more immersive viewing experience when playing against friends from across the world. There are now more decisions to make on player positioning, and camera angles will change depending on the location. Ground reaction can also be re-timed at any given point on the field thanks to the new timing system. Finally, camera zooms can now be recomputed, providing ultra-immersive viewing.
- **Intuitive control** - FIFA 22 features a better FUT system. With customizable options in every area, you'll now have more control over your experience.
- **Beautiful presentation** - FIFA 22 has a slick, new design for all aspects of the game. All pages and menus are designed to look as good as the gameplay, and graphics have been enhanced to bring the game to life. Finally, the new presentation will offer brands their own exciting 2013 FIFA World Player of the Season titles.
- **Beautiful stadiums** - FIFA 22 introduces the new stadium presentation system. The stadiums look incredible and the presentation is modeled on the stunning real-life looks of Euro 2016.
- **HD graphics** - More realistic graphics, more detail, more textures, more things on screen, but the good news is that FIFA 22 is running on a new engine that is designed to be better at simulating everyday football with physics, tackling behavior and results, while remaining more powerful and graphically intensive than FIFA 19.
- **Sony exclusive content** - Five premium challenge packs, on top of the FIFA and Ultimate Team packs of the previous game, and three new challenge packs which will be exclusive to PlayStation™4 at launch.
- **4K graphics support** - Support for 4K content on PlayStation 4 Pro is included with FIFA 22, bringing the game to life with ultra-high definition visuals. Players can count on a high level of detail with every playing style. Look out for the Xbox One and PlayStation 4 versions: 4K support will be available during the launch period and then we will be adding support for 4K on
